

Your MAS MTEC journey

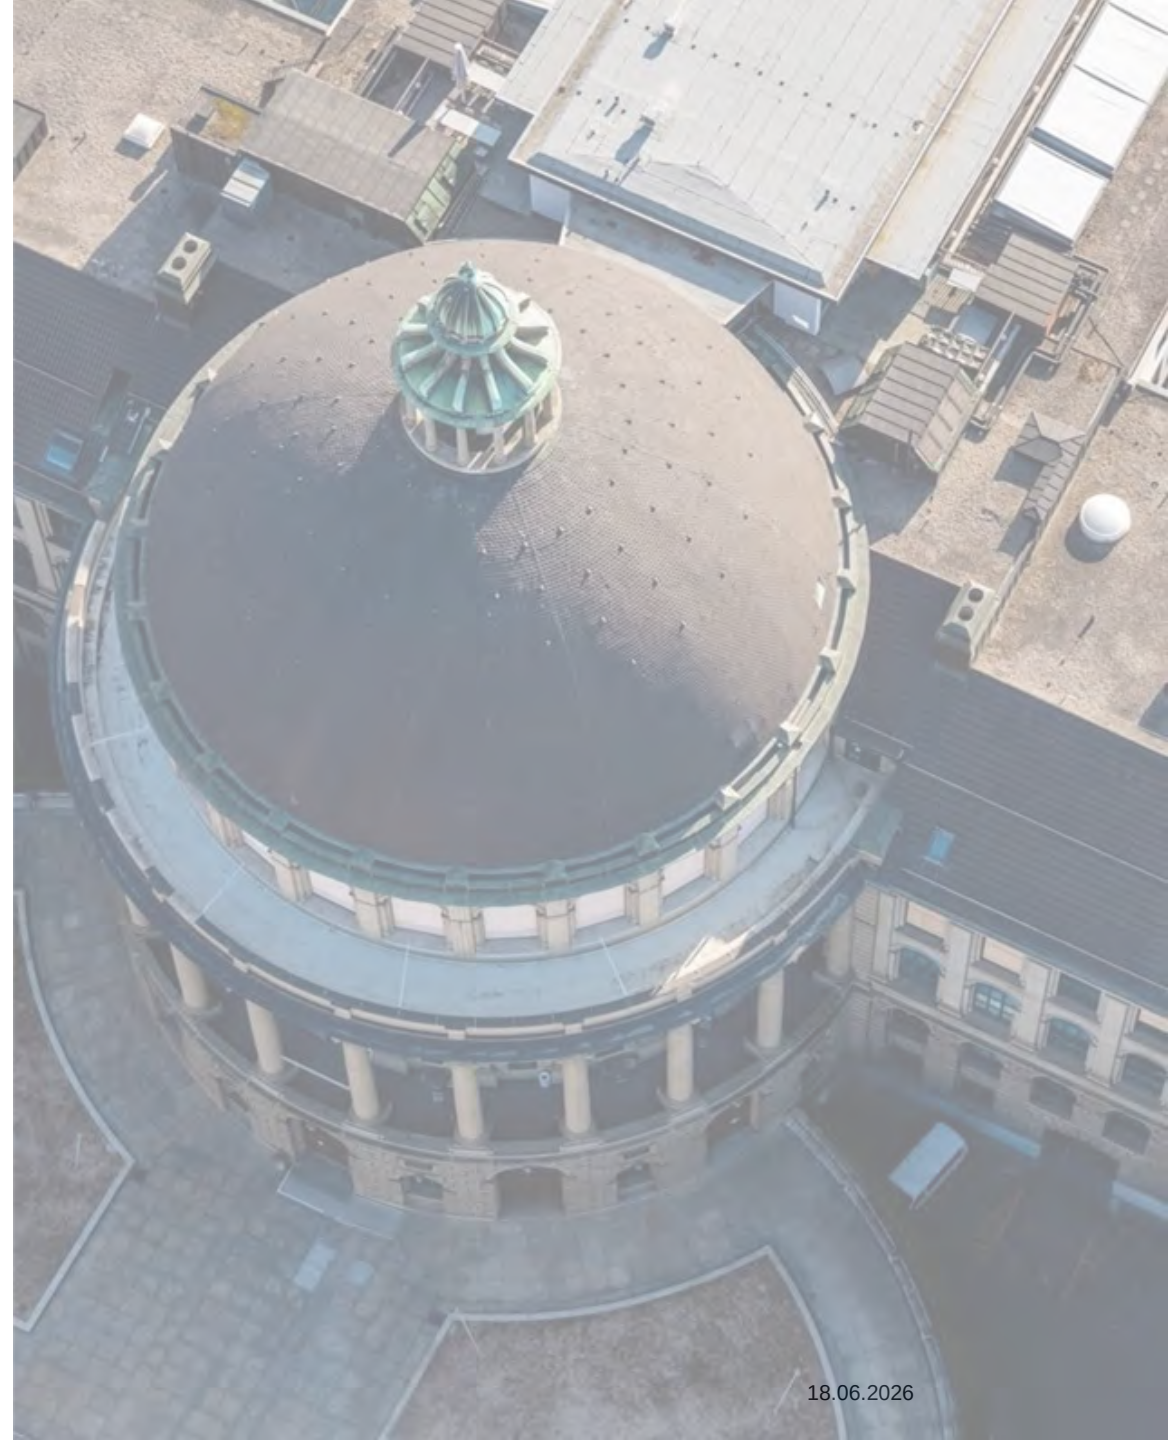

A person with a large blue backpack is seen from behind, looking out over a vast mountain range. The mountains are covered in dense green forests, and the sky is a pale, hazy blue. The person is standing on a ridge, and the perspective is from behind them, looking towards the horizon.

363-0389-00	Technology and Innovation Management	3		3	S. Brusoni, A. Zeijen
363-0790-00	Technology Entrepreneurship	1		2	F. Hacklin
Extracurricular Courses					
You can earn at most 6 CP from other ETH departments. Courses at institutions other than ETH are not recognised. Prior to signing up for these courses you have to get approval from the Student Services (mtec-mas-student@ethz.ch). No credit points will be awarded for language courses.					
MASTER'S THESIS					
The Master's thesis is written in collaboration with an industrial partner, organisation or institution - either on a full-time (10 weeks) or part-time basis (16 weeks).					
365-1170-00	Epigeum's Avoiding Plagiarism Online Course ¹	1/2		0	---
365-0899-00	Master's thesis ^{1,3}	4		12	D-MTEC professors

Sem: Semester 1-4 Block: • block course CP: credit points

¹ Course has prerequisites. Please check the ETH Course Catalogue for further information.

² MAS MTEC students only.

³ You must have passed the preparation course in your 1st or 2nd semester before you can register for a Master's thesis: "Epigeum's Avoiding Plagiarism Online Course".

⁴ Only one of these courses in Project Management can be taken during the MAS MTEC studies.

MAS MTEC regulations specify a min. of 60 CP (max. 65 CP) for the completion of the degree: 48 CP (max. 53 CP) for lecture courses and 12 CP for the Master's thesis.

[www.mas-mtec.ethz.ch](https://www.mas-mtec.ethz.ch/education/guidelines)
[/education/guidelines](https://www.mas-mtec.ethz.ch/education/guidelines)

Semester Enrolment

- You have received your login information for your ETH user-account from the School for Continuing Education (SCE)
- You will be informed by email when electronic enrolment is released (most likely on **1st of July** but this is not a guarantee), you will receive a message from the SCE
- Please keep checking your **eth-mail Account!** Very important: All kind of communication goes to your ETH mail address. ⚠

→ Please enroll immediately online in “myStudies”, for further information please check this webpage: <https://ethz.ch/en/studies/master/beginning-your-master-studies/onboarding-at-eth/information-check-in.html>

Video about “myStudies” https://youtu.be/dwRH0_PNFNk

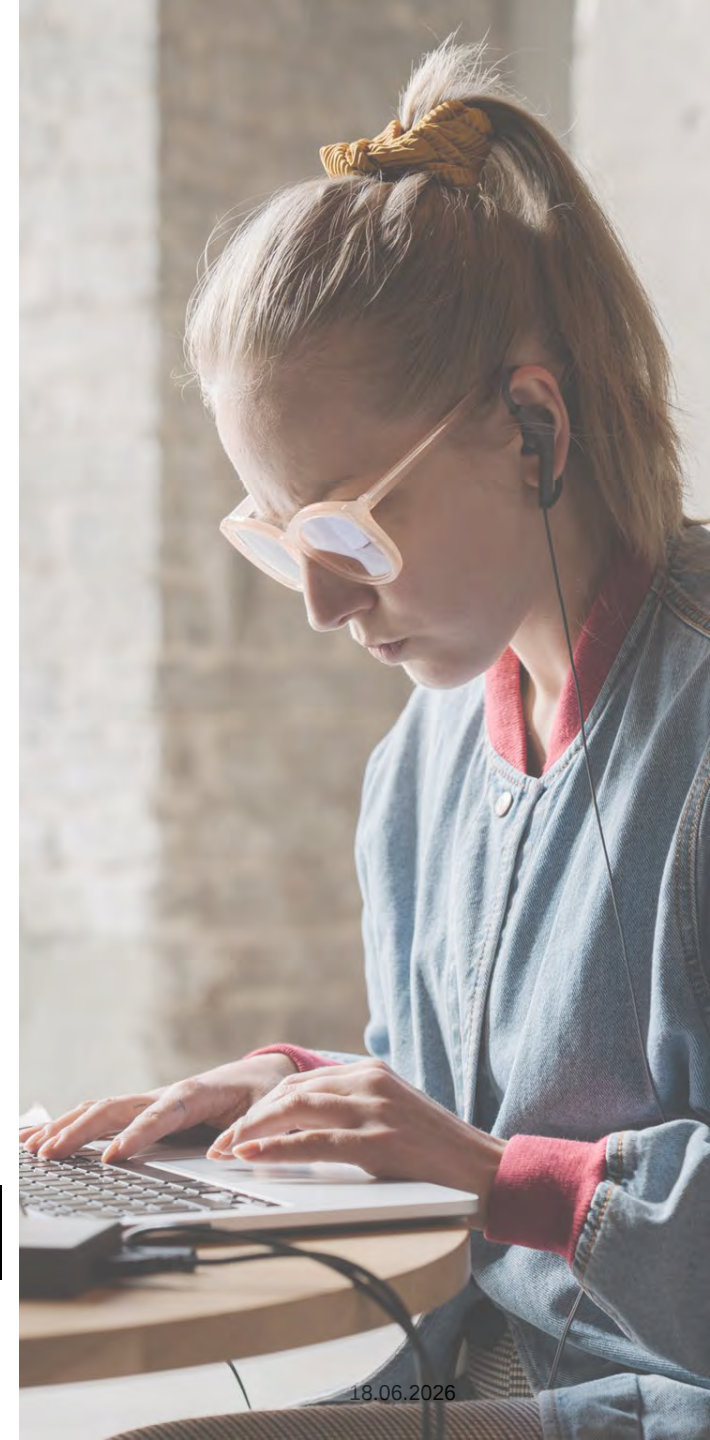

For further information please contact: mtec-mas-student@ethz.ch

Course planning and study design

- Consider your lectures, seminars for the entire programme already in the first semester
- Plan your workload (each CP corresponds to a workload of approx. 25-30 hours)
- Take 15-18 CP per semester (about 8 courses)
- The MAS MTEC programme offers you flexibility in terms of distributing your workload over the next 3 semesters
- Semester 4 is dedicated for your MAS Master's thesis
- You have the flexibility to design your individual study programme, combining weekly core and elective courses as well as block courses.

For further information please contact: mtec-mas-student@ethz.ch

Course planning and study design

Semester overview

1st semester	2nd semester	3rd semester	4th semester	After graduation
Core Courses (recommended for the 1st and 2nd semester)				
	Electives			
	Skill-based Training			
			Course Abroad	
			Master's Thesis	
MAS+ Workshops and Talks				
		Mentoring Programme		

Most of our students reduce their professional employment to 80% and complete the programme in 4 semesters, on a part-time basis.

MAS MTEC course planning and study design

Example Case

Semester	Courses	Credit Points	Final total CP
I.	8 (4 Core Courses / 3 Electives)	17	17
II.	11*	24	41
III.	8 **	max. 12 max. 9	max. 53 without study trip and without thesis <i>max. 50 with study trip</i>
			Sub-Total: max. 53
IV.	Master's Thesis <i>Study Trip «Course abroad» (optional)</i>	12 3	12
			Total 64 (max. 65)

! 53 CP overall from courses without the Master's thesis

* You need permission from the student services office

** You might have to take less courses, check credit points!

MAS MTEC course planning and study design

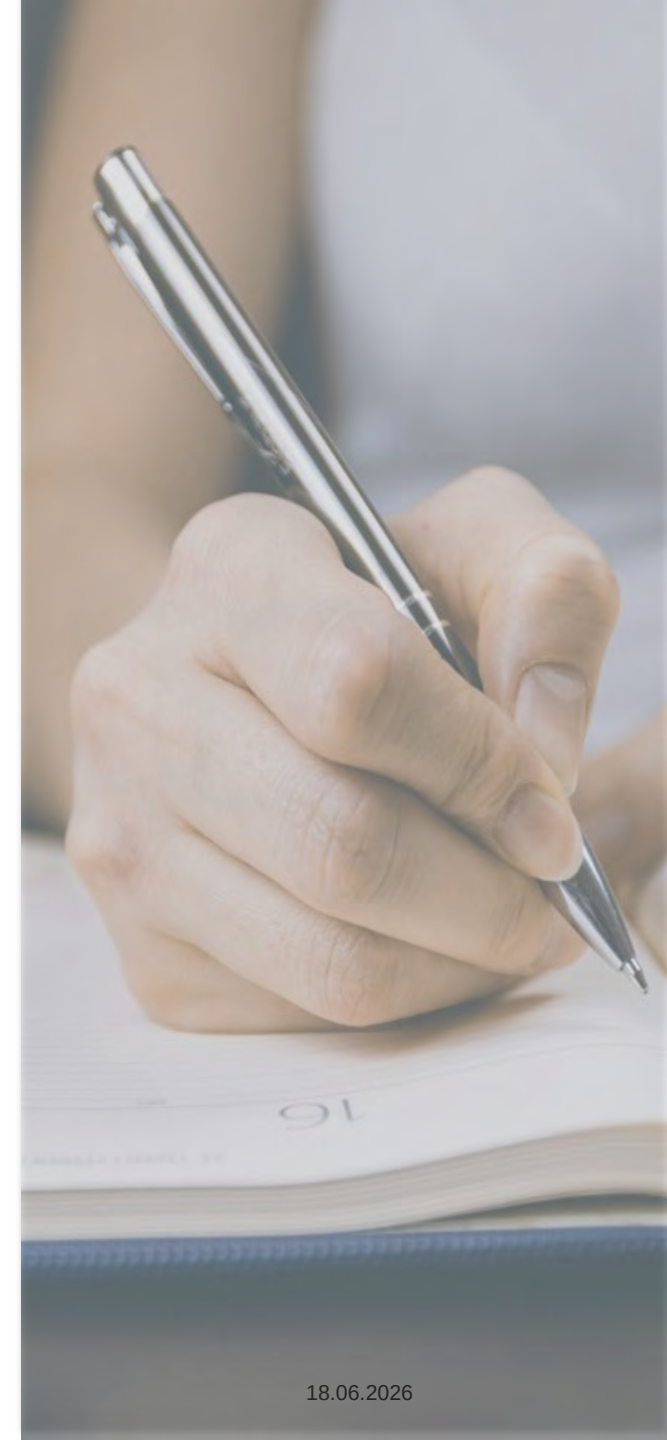

Courses prior Semester Start

- You can already take courses prior to semester start
- You will receive your badge soon. It allows you to access the ETH buildings
→ if you have not received your badge in time we will inform you how to access

Pre-course information:

- Via ETH Email
- Via “Moodle”: The central, open-source learning and teaching platform used at ETH Zurich. Lecturers use it to distribute lecture notes, slides, handouts, exercises, and literature.

For further information please contact: mtec-mas-student@ethz.ch

MAS MTEC course planning and study design

MAS Course tbc

MAS MTEC Skill-based Training Course still to be confirmed:

- 365-1099-00 [Design Thinking: A Human-Centred Approach to Problem Solving](#)

→ The final confirmation for this course is still outstanding.

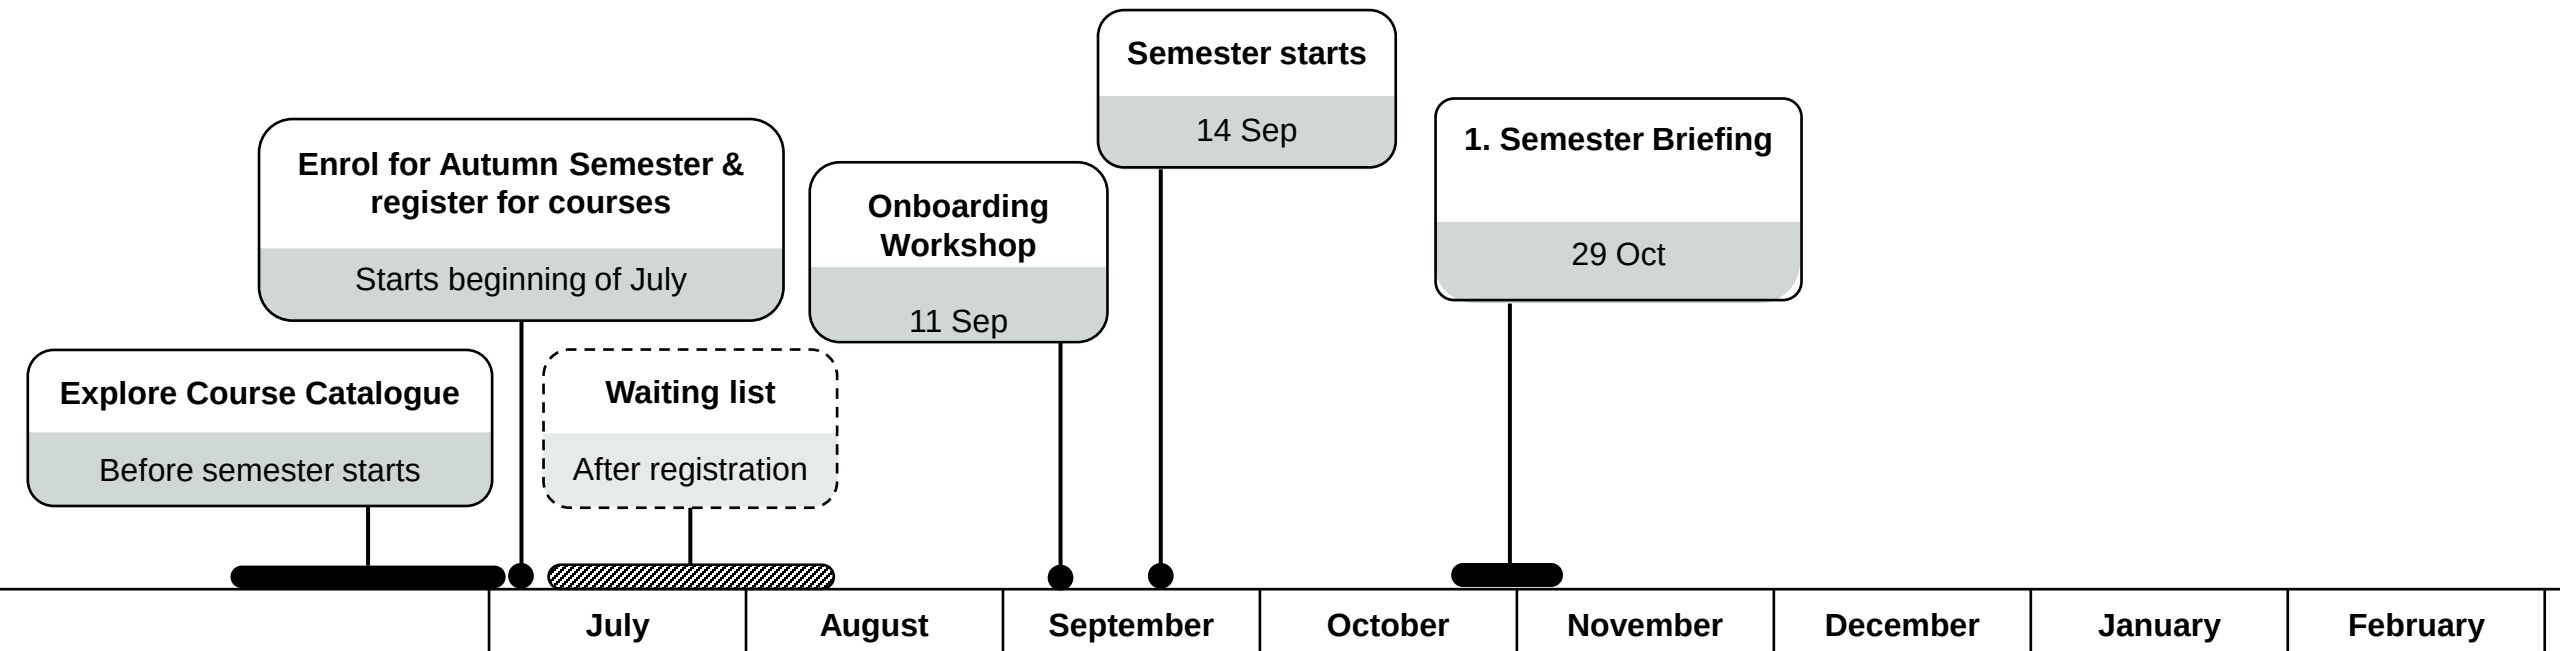

We will confirm **around mid-July 2026** whether this course will take place in August 2026.

Thank you for your patience.

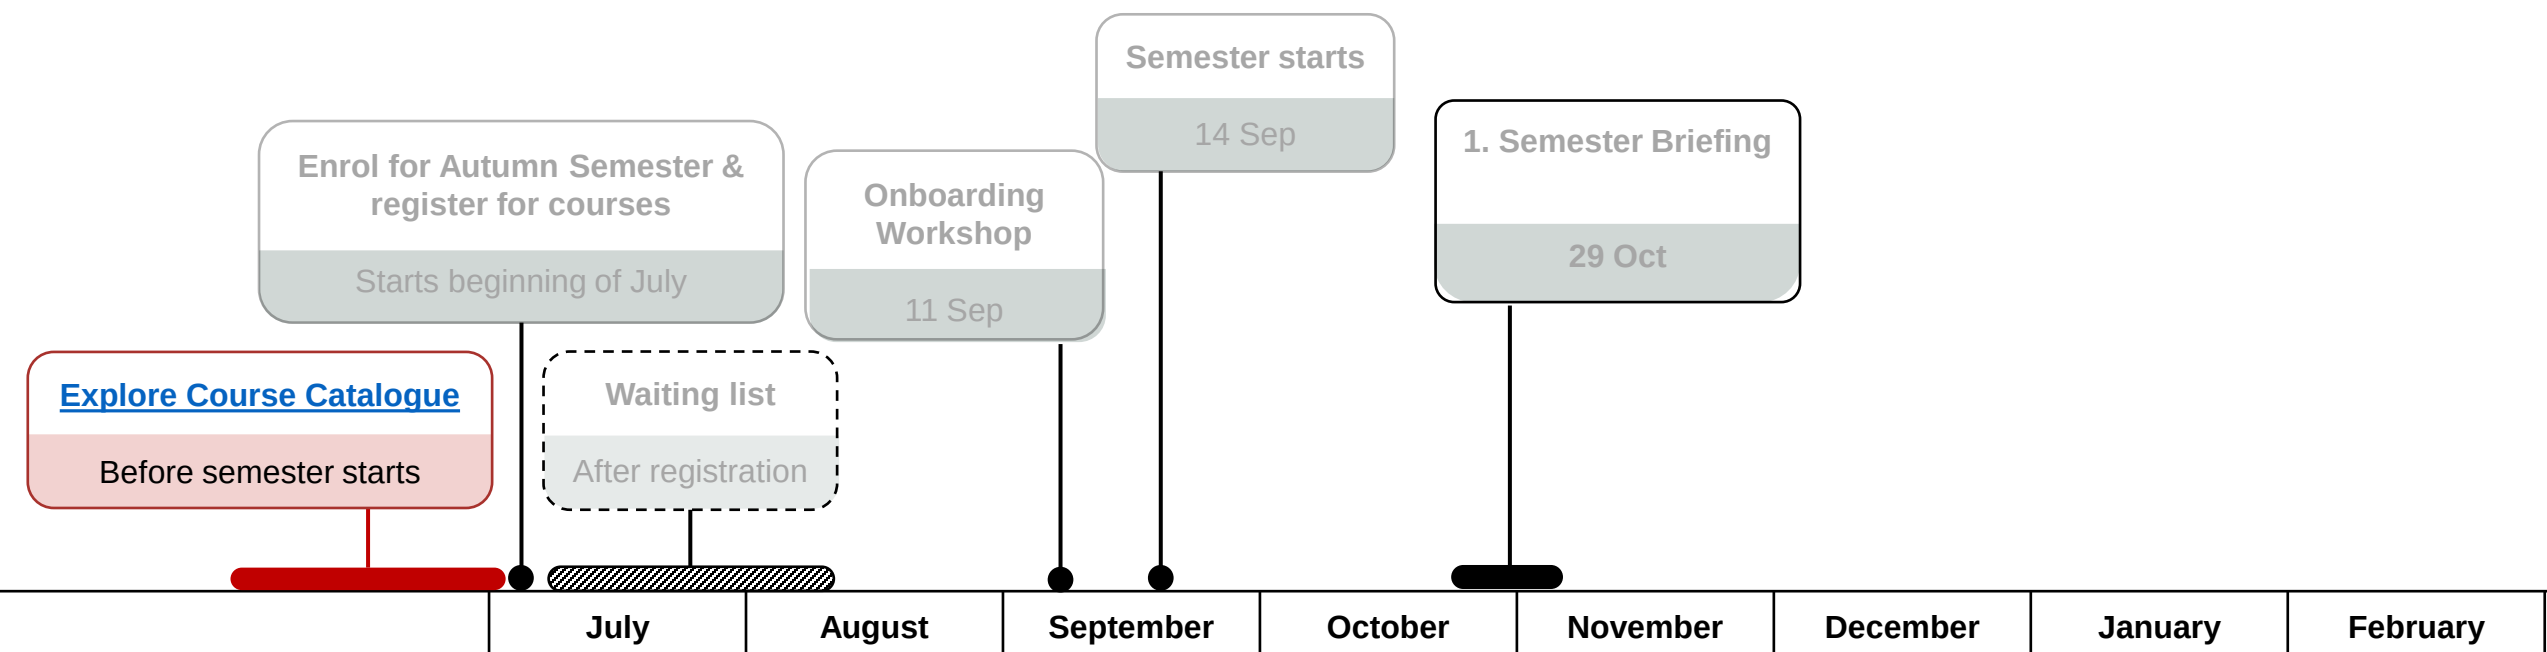

A blurred background image of a lecture hall. In the foreground, several audience members' hands are raised, indicating they have questions or want to participate. The background shows a person, likely the lecturer, standing at the front of the room. The overall atmosphere is one of an interactive session.

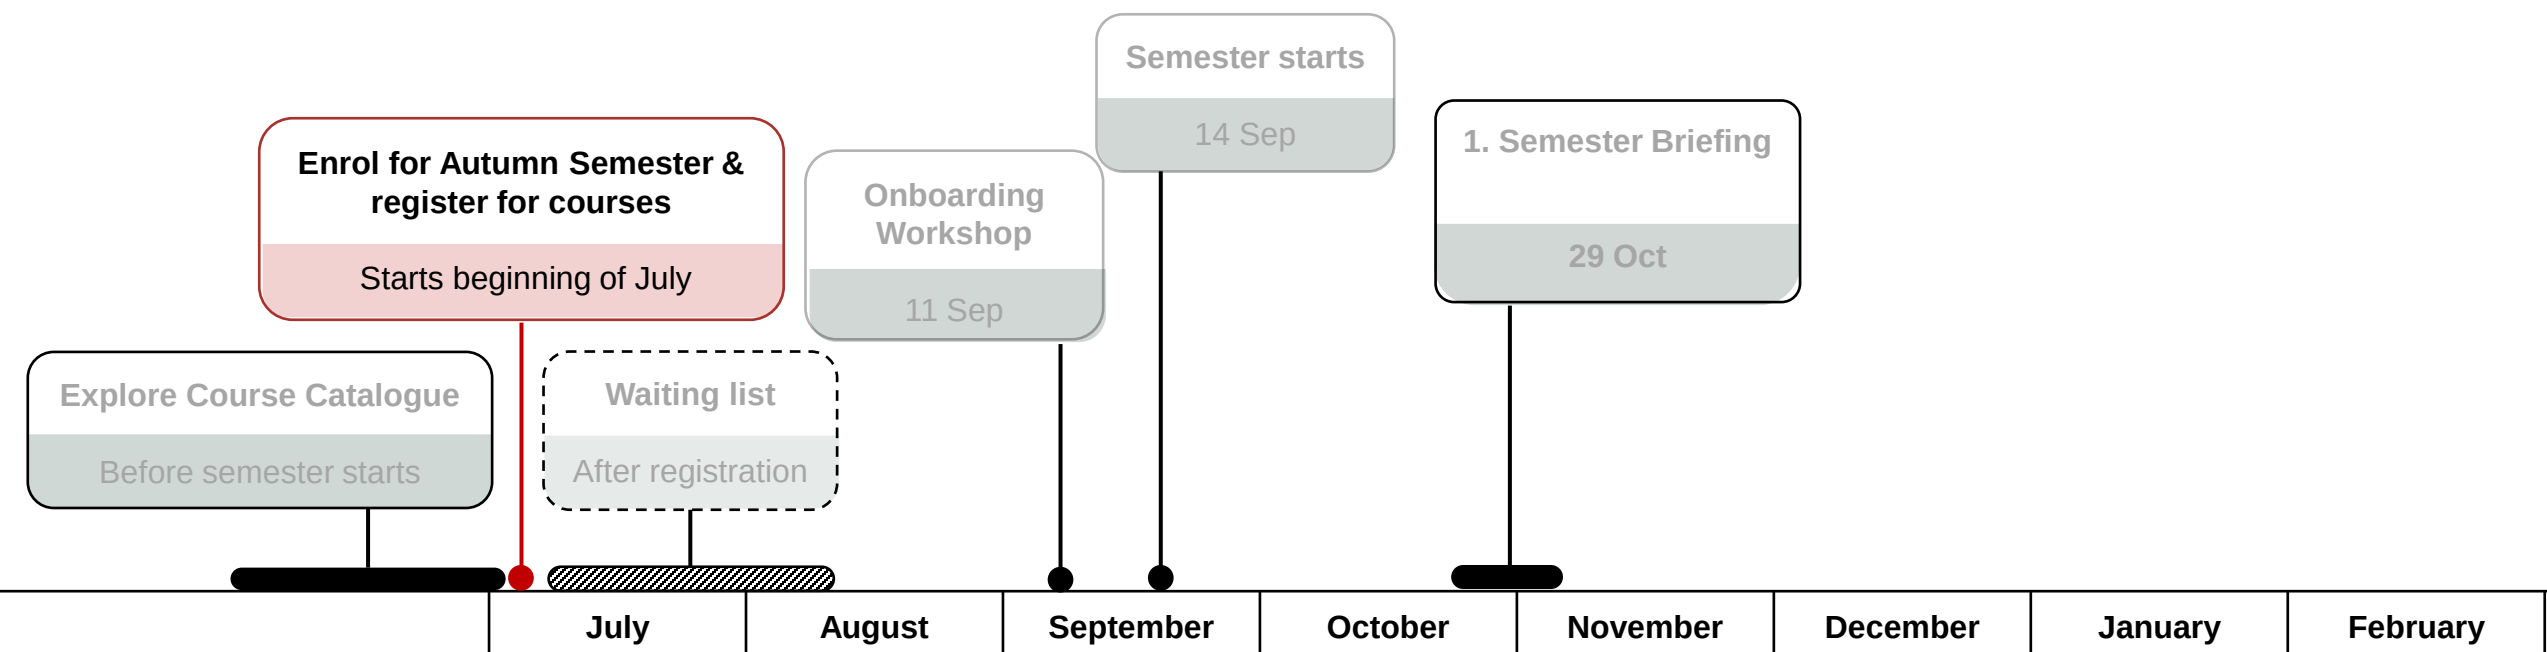

Any questions?

Timeline of your MAS MTEC course registration journey

- ✉ Prior to the publication date of the ETH Course catalogue, you will receive an email with the Study Plan and the Course Overview
- ✉ You will receive an email when the Course Catalogue is published
- 🔍 You have approx. 4 weeks to explore the Course Catalogue
- 📅 We recommend having a look into all semesters and planning your 2-year studies (also using the Study Plan)
- ***363- and 365-course numbers indicate D-MTEC courses**

- ☑ You have received the Login and Semester Enrolment information from the SCE
- ☑ Create a login for myStudies with your ETH student email (only first time)
- ✕ You will receive an Autumn Semester enrolment email from SCE early July
- ☑ Enroll for the Autumn Semester in myStudies: Semester enrolment is necessary for each upcoming semester
- ☑ Register for max. 8-10 courses* per semester in myStudies: 15–18 CP recommended ***Check exam types** in the [Course Catalogue](#)

Rules & requirements: Attendance “MAS only” Courses

Courses with prerequisites ⚠

- Some MAS courses and Further MSc MTEC Electives may have registration prerequisites or a selection process.
- Please check the course catalogue for the prerequisites!

Group-selection

- Some courses have two different dates (called «group») to choose from, don't forget to choose the group when you register (or as soon as possible). The group selection can be done in myStudies.

Credit Points

- Full attendance* of all course days and full completion of all course assignments is mandatory for the assignment of the ECTS. None of these courses are recorded.

*Further information about the MAS MTEC attendance policy on slides 23-25

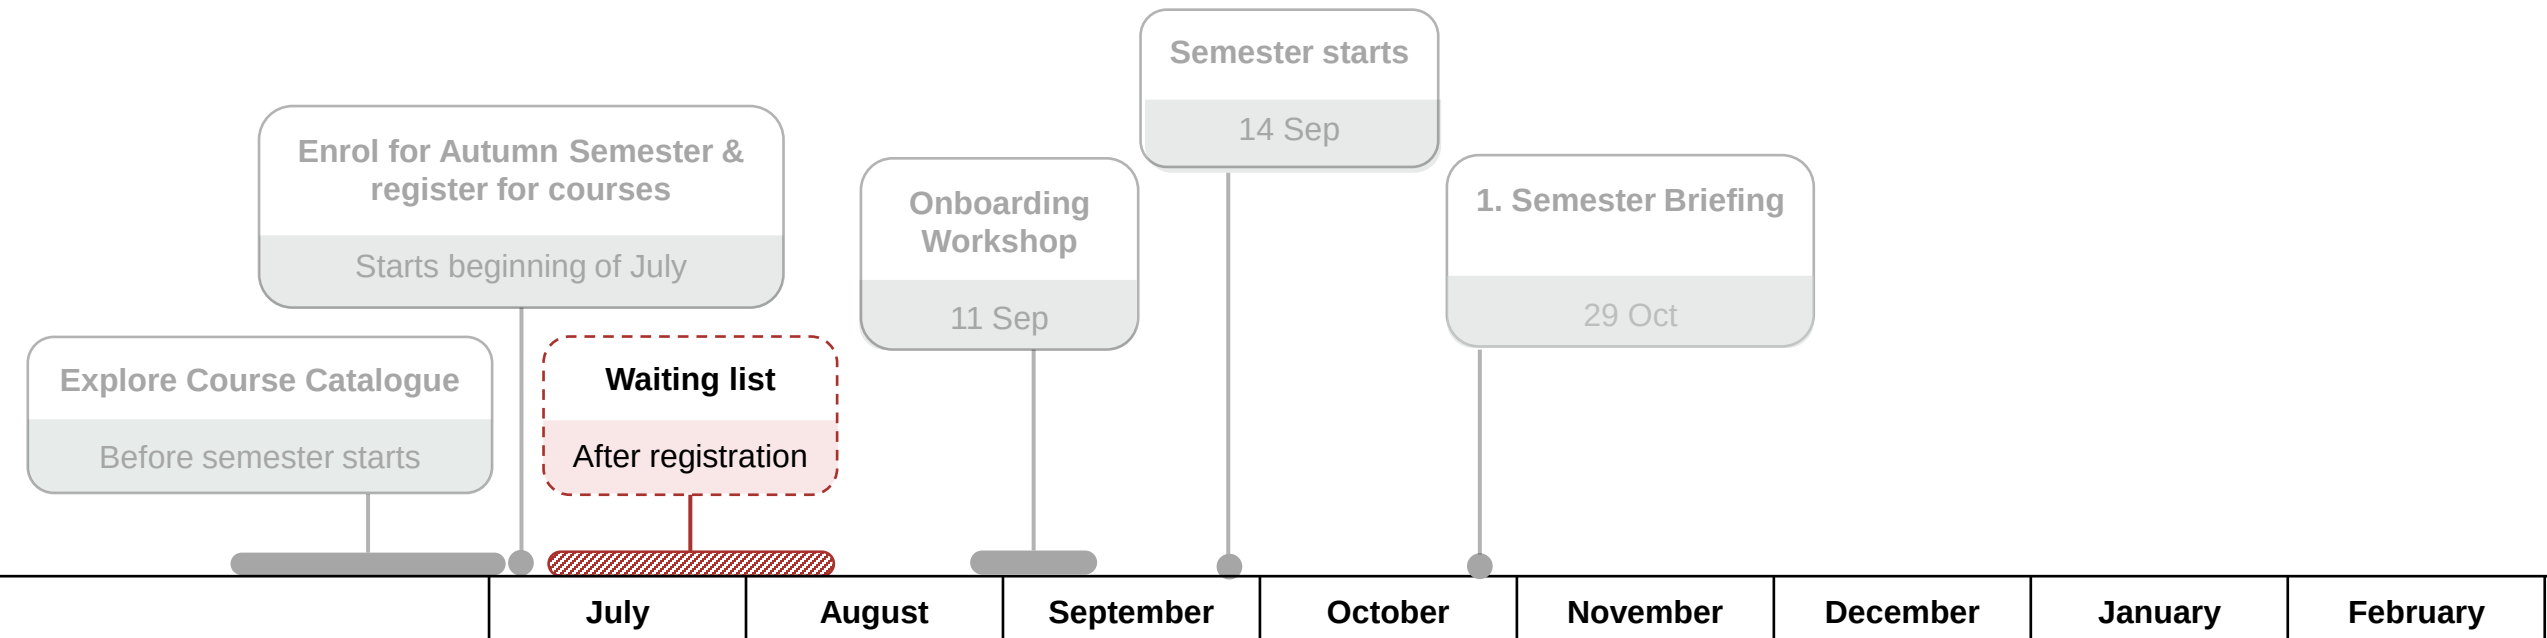

Attendance “MAS only” Courses

Fair play

- Please inform yourself about the content of the course before you decide to register, you find a detailed description in the course catalogue or ask your buddy
- Once you have registered, we count on you!
- For fairness we ask you **not to de-register from a course that has limited seats after the deadline of the waiting list**
- Remember: a student fellow might have been on the waiting list. Also: for us (administration) and for the lectures de-registrations create extra work.
- Due to the limited number of seats, a registration for "auditing" (not taking ECTS) is not possible

*Further information about the MAS MTEC attendance policy on slides 23-25

☒ Check your waitlist courses

- Registration is based on a «first come – first serve» system.
- 365-coures may have waitlists due to size constraints, certain target groups priorities (indicated in the course catalogue). We prioritize students based on when they should take the course.
- → more information, see next slide

Rules & requirements

Waitlist

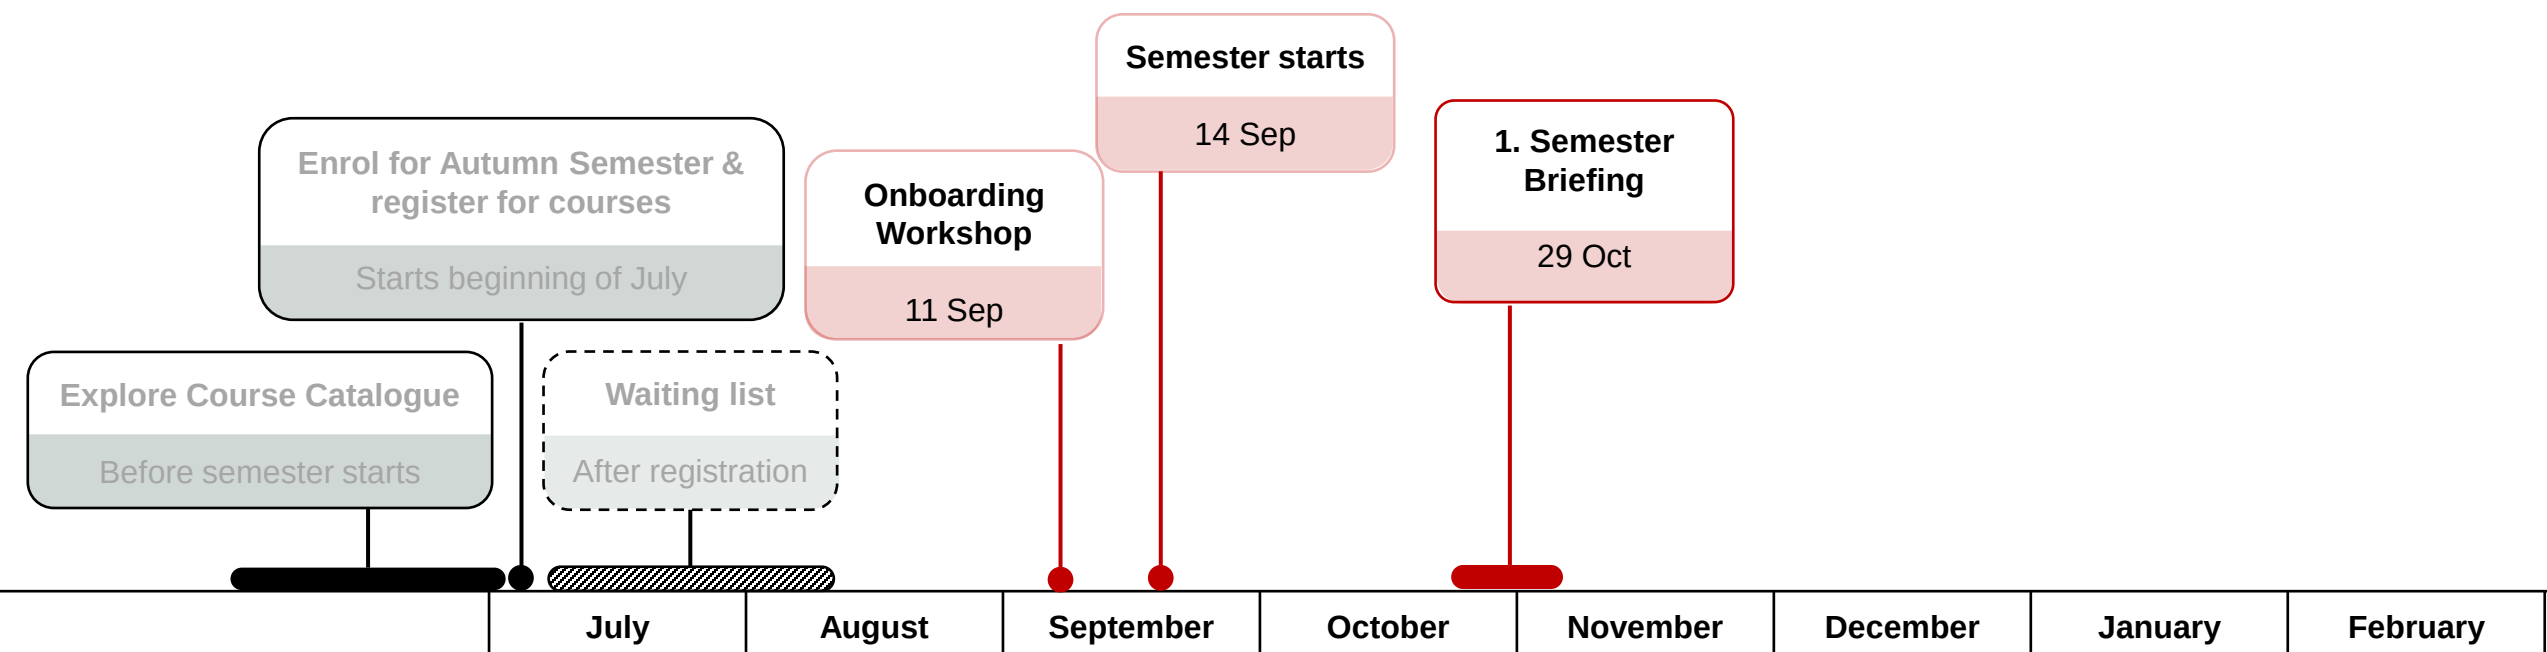

Why waitlist?

- Some lectures (block courses, seminars) have limited seats
- Registration is based on a «first come – first serve» system
- Some lectures request an application, students will be informed in due time (selection process)
- Some lectures are designed for a certain semester (1st, 2nd, 3rd, 4th– semester students, check course catalogue)
→ Students of that semester have priority

Solution

- We monitor the waiting lists, and we do our best to ensure you can attend the courses you wish (e.g. we might offer a second group in the same semester)
- The same course might be offered again in another semester → you can try again
- Check the course catalogue for similar topics (incl. courses from the MSc)

🕒 **Save the date:** 11 September – Onboarding Workshop at LEE E101 (in presence, attendance mandatory, no recording)

🕒 Semester start: 14 September (“introduction day” at ETH - no classes yet that day)
Classes begin: 15 September (please check exceptions e.g. MAS block courses that already take place in August)

🕒 **Save the date:** 29 October – Online Semester Briefing (via Zoom, attendance mandatory, recording)

Outlook Onboarding Workshop (11.09.2026)

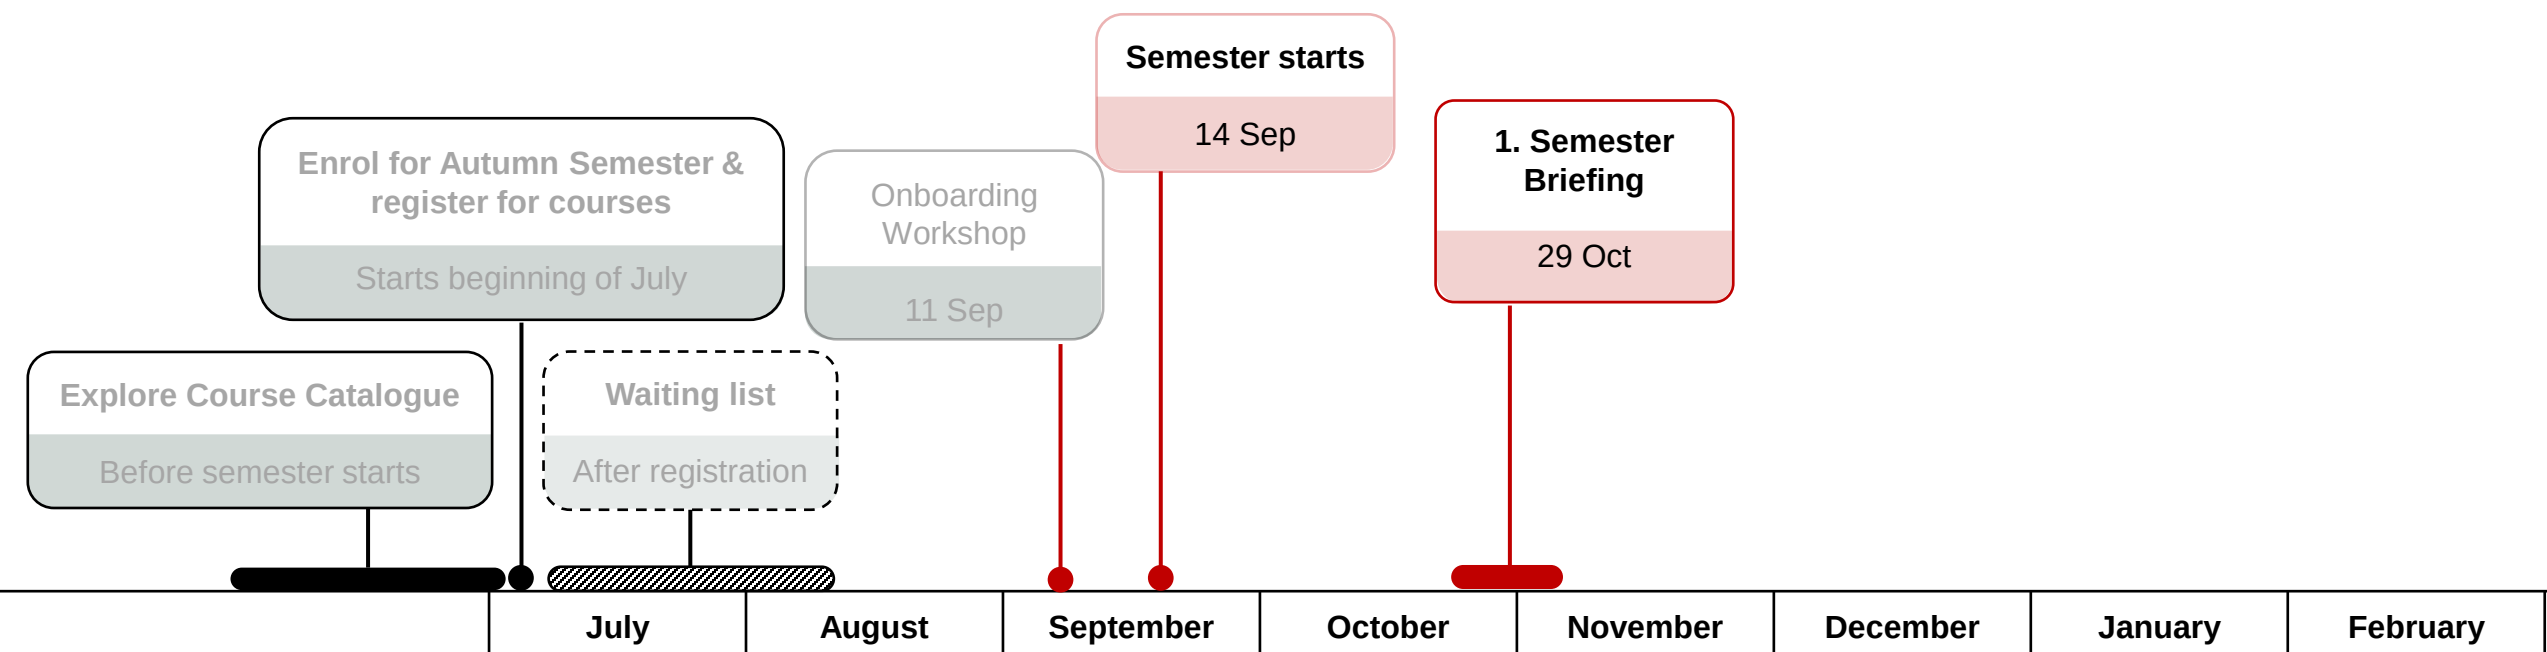

During our Onboarding Workshop you will receive further information on:

- Semester enrolment
- Programme structure
- Course planning and study design
- Timeline of your MAS MTEC journey
- Exams → Preparation work - please watch this video <https://youtu.be/jfb7rB524Vc>
- Practical information
- etc.

AND:

- A very special networking journey with one of our teachers
 - Guided ETH Campus Tour with drinks afterwards
- Don't miss this workshop 😊

🕒 **Save the date:** 11 September – Onboarding Workshop at LEE E101 (in presence, attendance mandatory, no recording)

🕒 Semester start: 14 September (“introduction day” at ETH - no classes yet that day)
Classes begin: 15 September (please check exceptions e.g. MAS block courses that already take place in August)

🕒 **Save the date:** 29 October – Online Semester Briefing (via Zoom, attendance mandatory, recording)

MAS MTEC Attendance & Absence Policy

This policy applies to MAS-only (365) courses delivered in a **3-day** format:

1. Standard Flexibility

Students may miss up to **3 hours** of a 3-day course without penalty

- No justification is required
 - No additional assignment is normally required
 - Instructors may, at their discretion, assign additional work
- Students remain fully responsible for all missed content and must catch up (e.g., through peers, course materials, or recordings where available)

2. Exceptional Absence

In truly exceptional circumstances, students may miss up to **1 full day (8 hours)** in addition to the standard 3-hour allowance. **Examples of valid reasons:**

- Illness (with medical certificate)
- Family emergency (e.g., serious illness of a close family member)
- Major life event (e.g., birth of a child)

Requirements

Requirements for exceptional absence:

(up to 1 full day (8 hours) in addition to the standard 3-hour allowance)

- Formal documentation must be provided (e.g., doctor's note or equivalent)
- The student must complete an **additional assignment** to compensate for the missed learning
- The absence must be **approved by the lecturer** and programme management must be informed

For **any type of absence** (standard flexibility or exceptional):

- The student must confirm with the lecturer that the absence is compatible with the course structure and does not lead to missing critical components
- The lecturer has final authority on whether the absence is acceptable

The student must inform **both the lecturer and programme management**

Limits

Absences exceeding **1 full day + 3 hours standard flexibility** in a 3-day course are not permitted

- Failure to:
 - inform the lecturer appropriately and early
 - provide required documentation
 - complete the compensatory assignment

will result in **not passing the course**

For **2-day courses**:

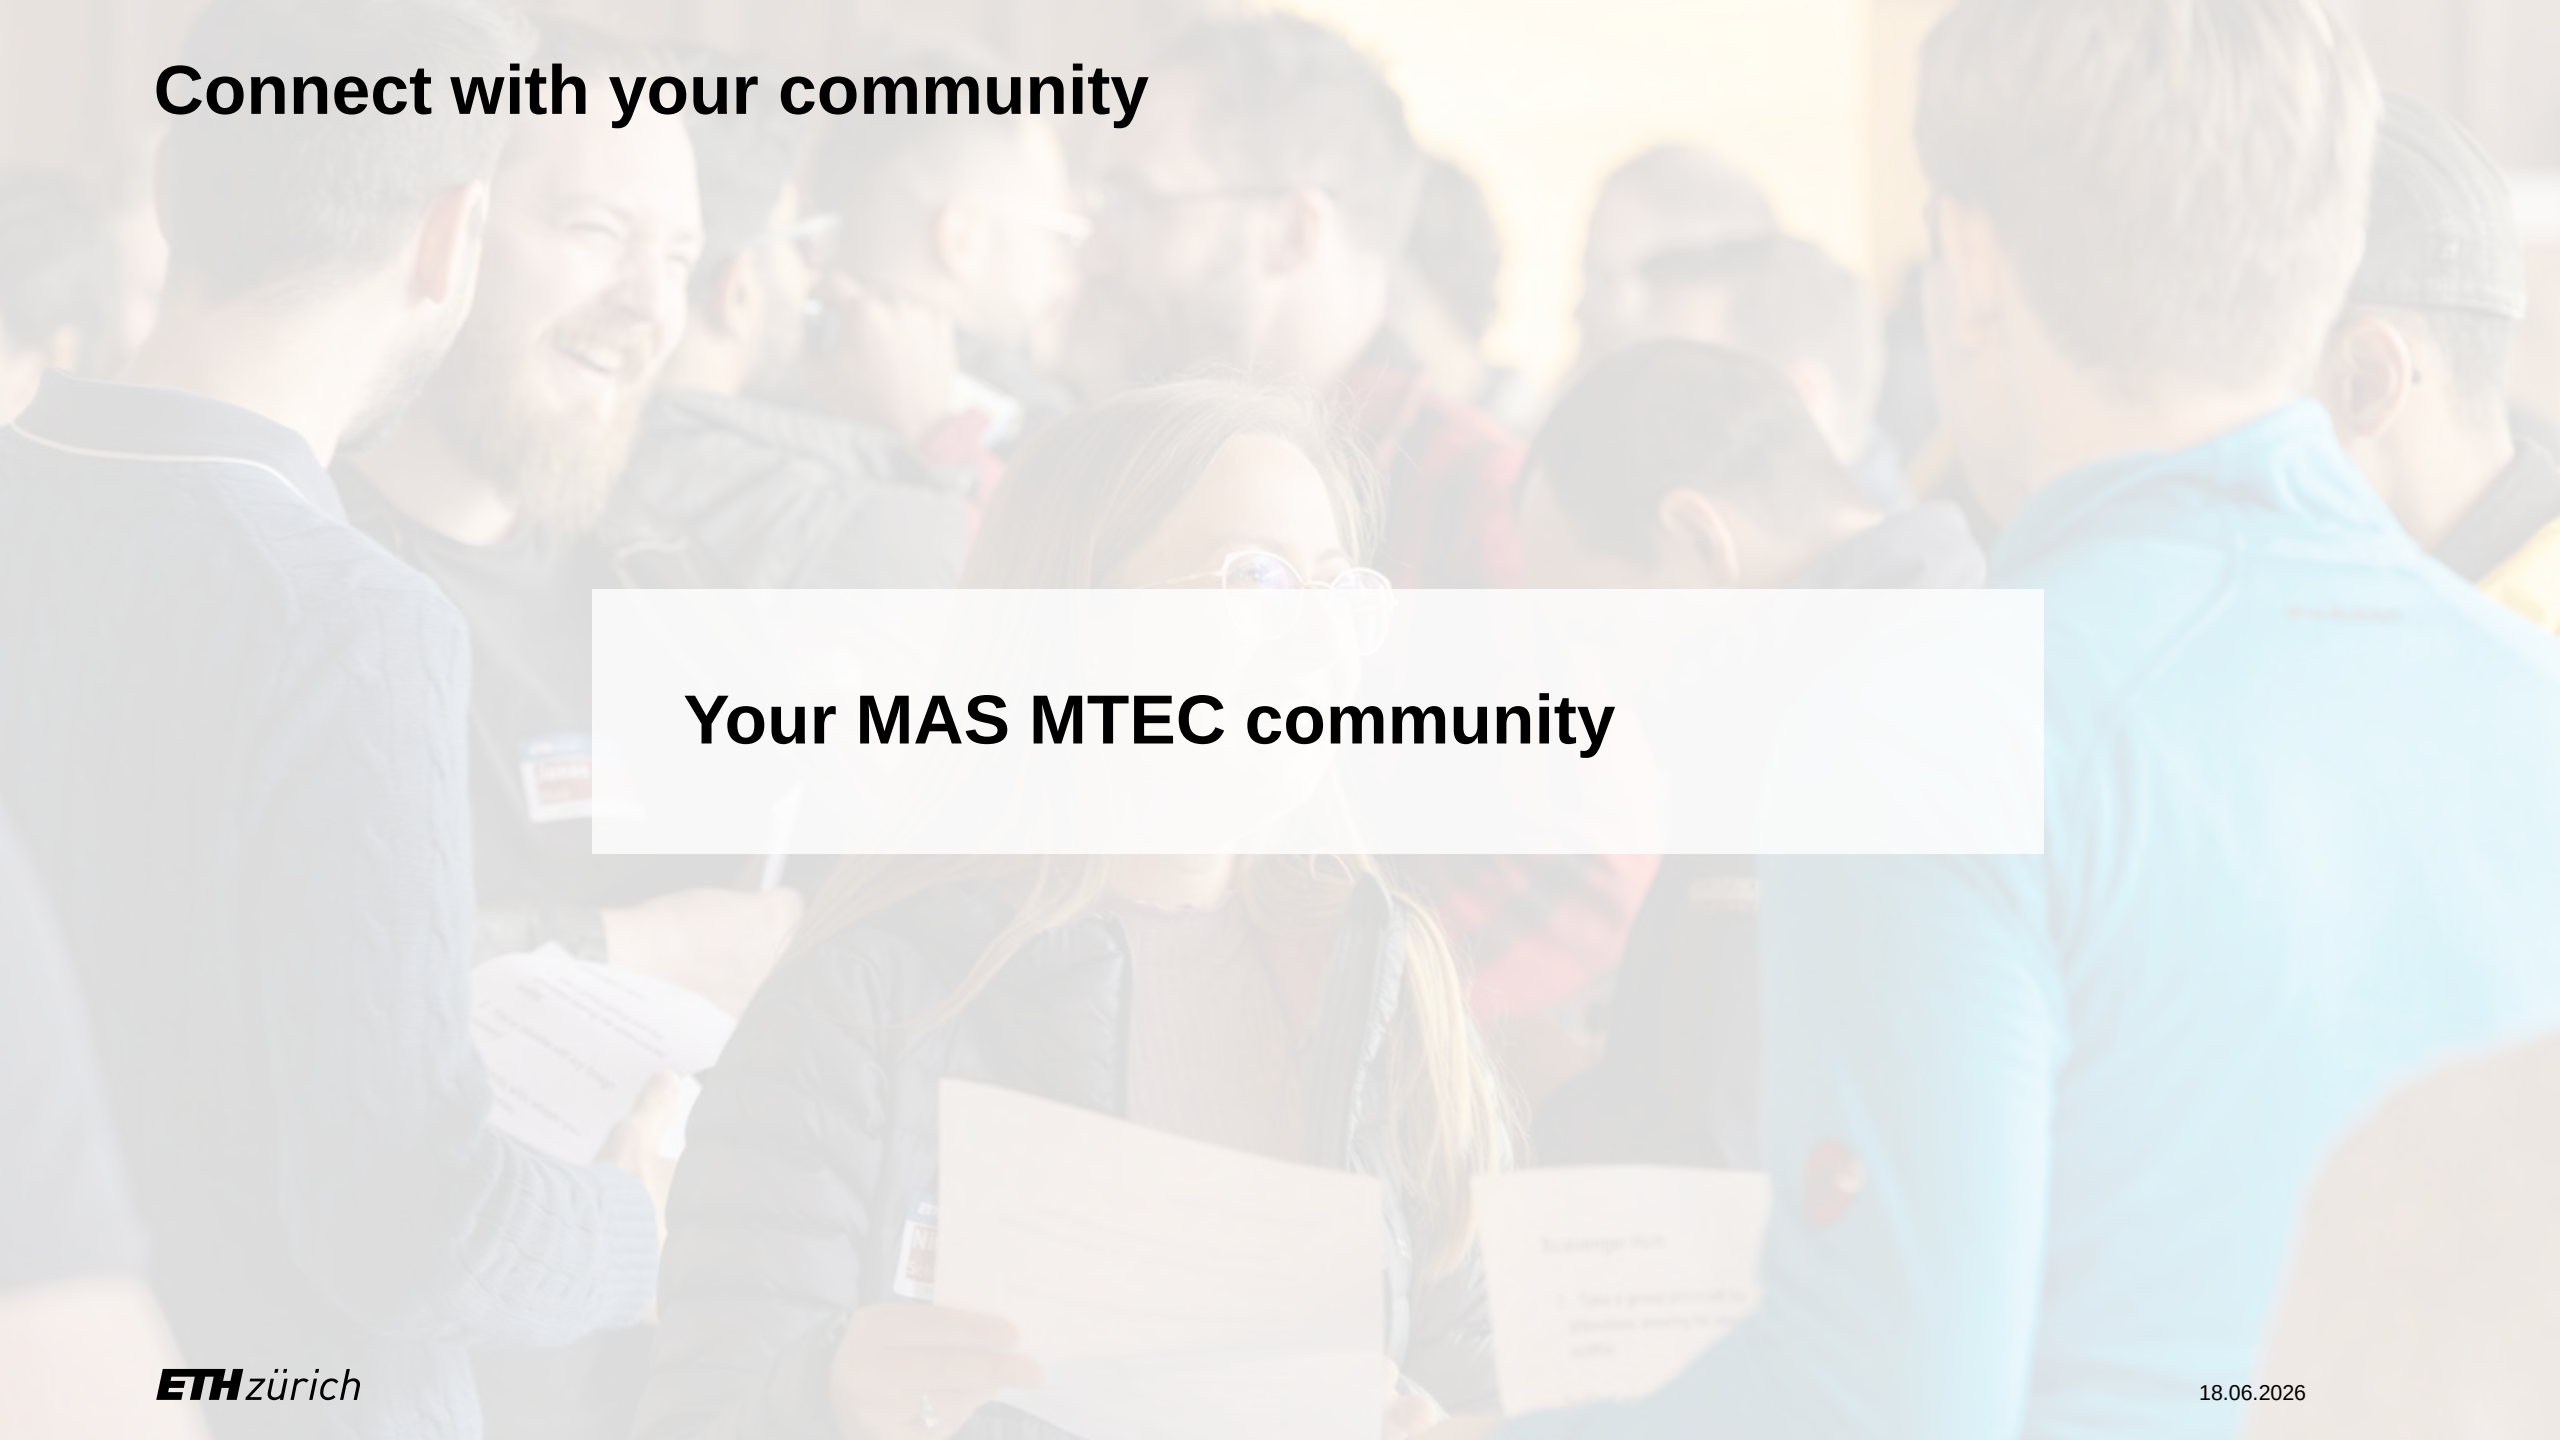

- Full attendance is mandatory
- Students must attend both days
- Absences are not permitted, except for standard flexibility of up to 1 hour per day

Any type of disregard will result in not passing the course

Any questions?

A background image showing a group of people at a community event. In the foreground, a man with a beard is smiling and looking towards the right. Next to him, a woman with glasses is looking down at a document she is holding. Other people are visible in the background, some looking at documents and others talking. The overall atmosphere is positive and engaged.
